Foothill Ranch, CA 92610

Dear Jimmy,

I am writing to express my gratitude to you and the entire Smart Circle team for the successful partnership we've been able to develop between Power Home Remodeling Group and Smart Circle over the past few years.

When we began our partnership with Smart Circle in 2007, Power was doing business in only four states. Smart Circle created a sales program for us specifically geared to highlight and promote Power's quality home remodeling services to new customers. Because of this successful program, we have been able to reach homeowners in several new markets. Today, we are proud to be installing our products in 16 states, and have opened 9 new markets since partnering with Smart Circle.

Our success would not have been possible without Smart Circle's steady and diverse lead production and daily communication to fine tune our sales program. All of us at Power attribute a lot of our growth to our relationship with Smart Circle, for which we're truly grateful!

Respectfully,

A handwritten signature in black ink, appearing to read "Corey Schiller", written over a light blue circular stamp.

Corey Schiller
Chief Executive Officer
Power Home Remodeling Group
